

SECURE PORTS

Security Enhancement of Cyber and physical infrastrUctREs in South Adriatic small PORTS

CONNECTED

SECURE PORTS – Security Enhancement of Cyber and physical infrastrUctREs in South Adriatic small PORTS - is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01.07.2025 / 31.12.2027

Main Goal

Enhancing cyber and physical security across small ports in Italy, Albania, and Montenegro through integrated systems, collaborative strategies, and unified frameworks to combat transnational threats.

Total budget

1.094.417,81 €

EU funding

887.220,73€

Project Partners

Lead Partner - ITS Academy Mobilità (Italy)

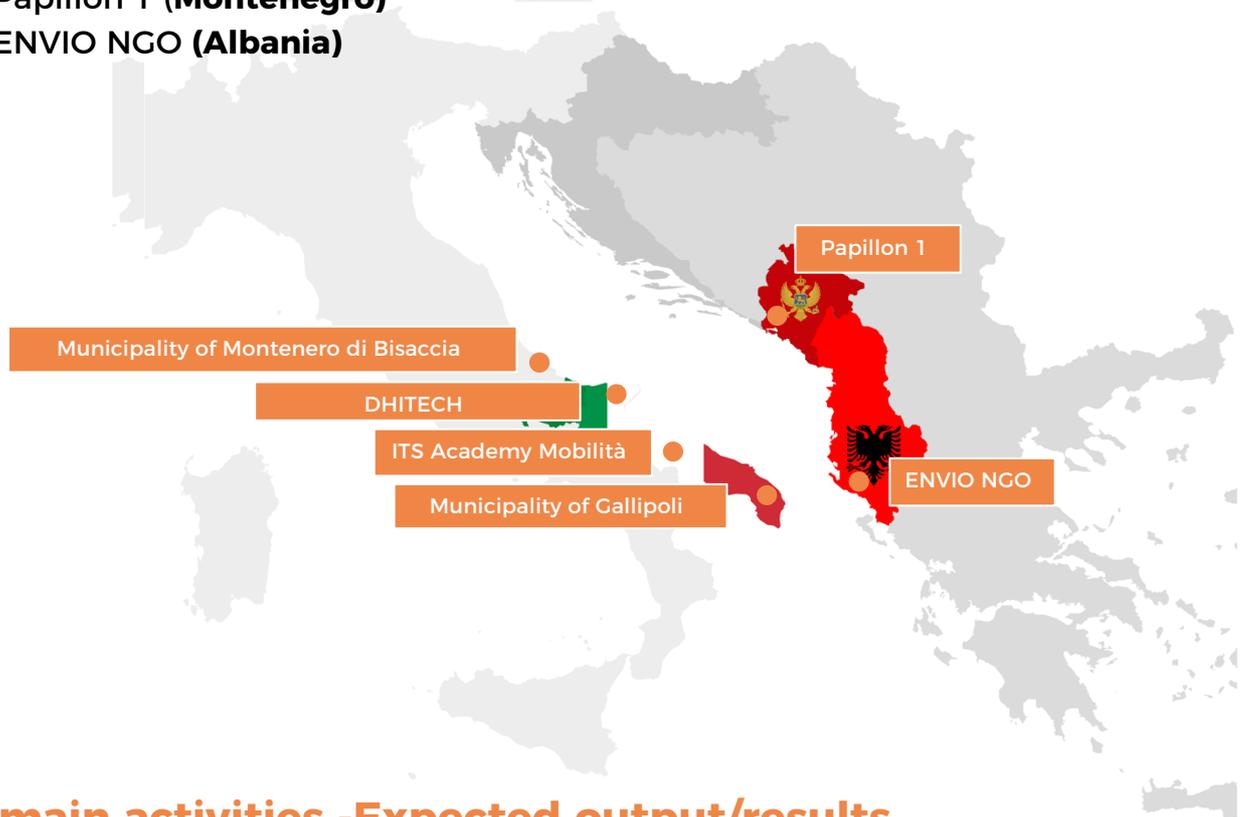

Partner DHITECH - HIGHTECH Technological District (Italy)

Partner Municipality of Gallipoli (Italy)

Partner Municipality of Montenero di Bisaccia (Italy)

Partner Papillon 1 (Montenegro)

Partner ENVIO NGO (Albania)

Project main activities -Expected output/results

The partners jointly analyse port vulnerabilities, design cyber-physical security tools, map and test solutions in pilot ports (Gallipoli, Montenero di Bisaccia, Ulcinj and Himara small ports). From analyses and testing, two outputs will be developed: the Security Dashboard and the Joint Action Plan.
