

## **AWeSOMe PLUS**

**Agricultural Waste as Sustainable 0 km  
building Material PLUS**

**GREEN**

AWeSOMe PLUS – Agricultural Waste as sustainable 0 Km building material Plus - is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

**Duration**

start date - end date

01.02.2024- 31.07.2025

### **Main Goal**

The main objective of AWeS0me Plus project is to capitalize AWeSOMe outputs, promoting the use and development of green thermal insulating materials obtained from agro-wastes to increase thermal insulation of buildings.

**Total budget**

189.812,02 €

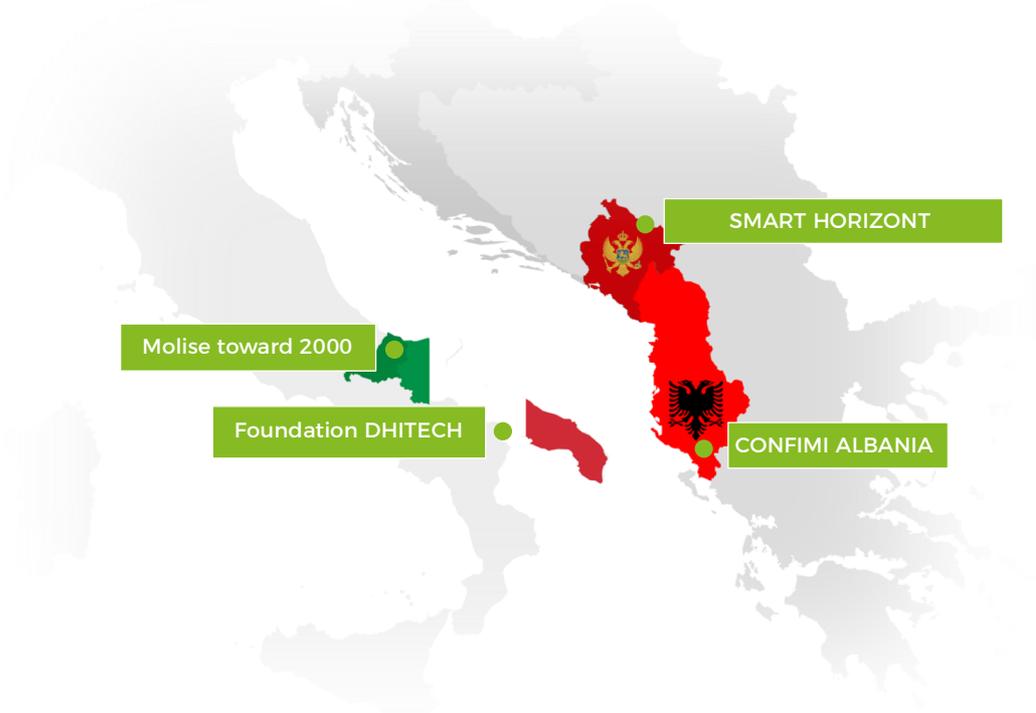

**EU funding**

157.229,56 €

## Project Partners

- **Lead Partner** - Association of Italian Entrepreneurs in Albania CONFIMI ALBANIA
- **Partner** - Foundation DHITECH - High Tech Technological District **(Italy)**
- **Partner** - Molise toward 2000 **(Italy)**
- **Partner** - SMART HORIZONT **(Montenegro)**

## Project main activities -Expected output/results

the AWeS0Me PLUS builds on the results of AWeS0Me by promoting sustainable building materials from waste (agricultural and beyond). Through action plans and workshops, the project develops new concepts and business models for green construction in the involved territories.
