

## POSITIVE CITIES

POSITIVE CITIES: Zero emission  
cities towards 2050

**GREEN**

POSITIVE CITIES – Zero emission cities towards 2050- is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

### Duration

start date - end date

01.07.2025 / 31.12.2027

### Main Goal

The project aims to promote the European Directive on the Energy Performance of Buildings (EPBD), known as the Green Homes Directive rules, thanks to the spreading of a cross border POSITIVE CITIES common model.

The model will be used by the municipalities of the programme area that want to bring positive impact of zero-emission buildings on the local societal, environmental and economical system. Project partners of Positive Cities will adopt an action plan to achieve a 55% reduction of public buildings energy consumption in line with new EU directive.

### Total budget

771.036,75 €

### EU funding

632.988,90 €

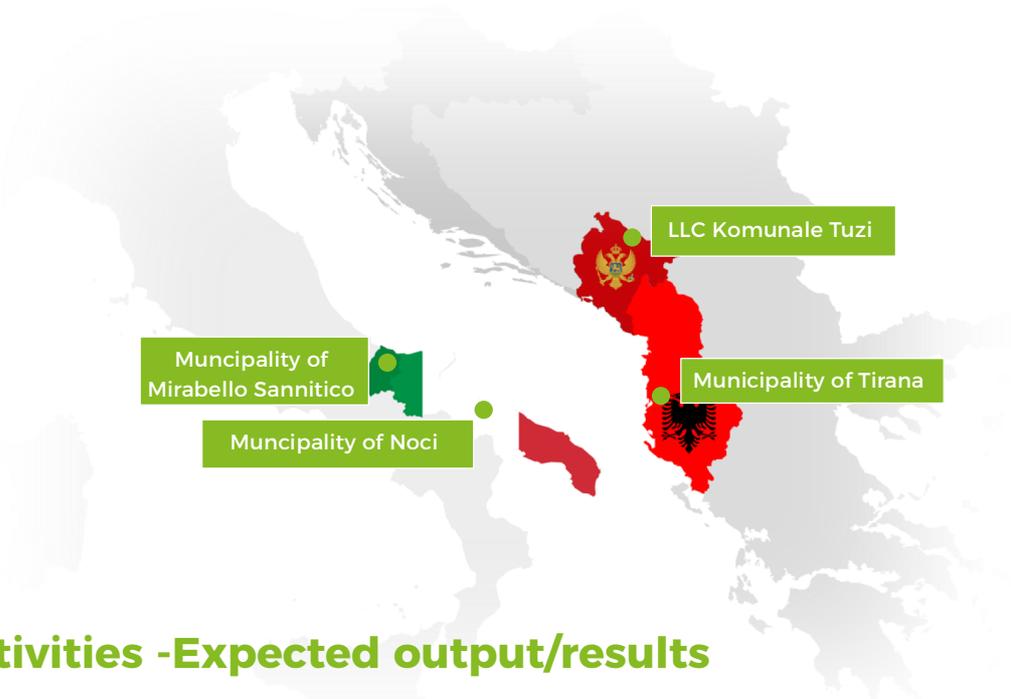

## Project Partners

**Lead Partner** Municipality of Mirabello Sannitico **(Italy)**

**Partner** LLC "Komunalno/Komunale" Tuzi **(Montenegro)**

**Partner** Municipality of Tirana **(Albania)**

**Partner** Municipality of Noci **(Italy)**

## Project main activities -Expected output/results

1. **Analysis of municipal public buildings** and facilities, their functional status and energy demand, thanks to a Joint and shared Energy Audit
2. **Development of a Positive Cities Common Model** and realization of a pilot project to transform an energy-intensive public building into a Zero Emission Building (ZEMB);
3. Definition of the subsequent steps to be implemented up to 2050 for the energy independence of an entire district or municipality through the implementation of an Action Plan and establishing a long-term network signing a **Memorandum of Understanding**.
