SPEEDY

Protection and Recovery of
Highly Mobile Marine Species in
the Programme Area

SPEEDY – Protection and Recovery of Highly Mobile Marine Species in the Programme Area - is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01.07.2025 – 31.12.2027

Main Goal

The main goal of the SPEEDY project is to improve the conservation and recovery of highly mobile marine species in the South Adriatic by strengthening cross-border cooperation, harmonizing monitoring and rehabilitation practices, and reducing anthropogenic pressures through jointly developed procedures and a shared conservation strategy.

Total budget

830.061,35 €

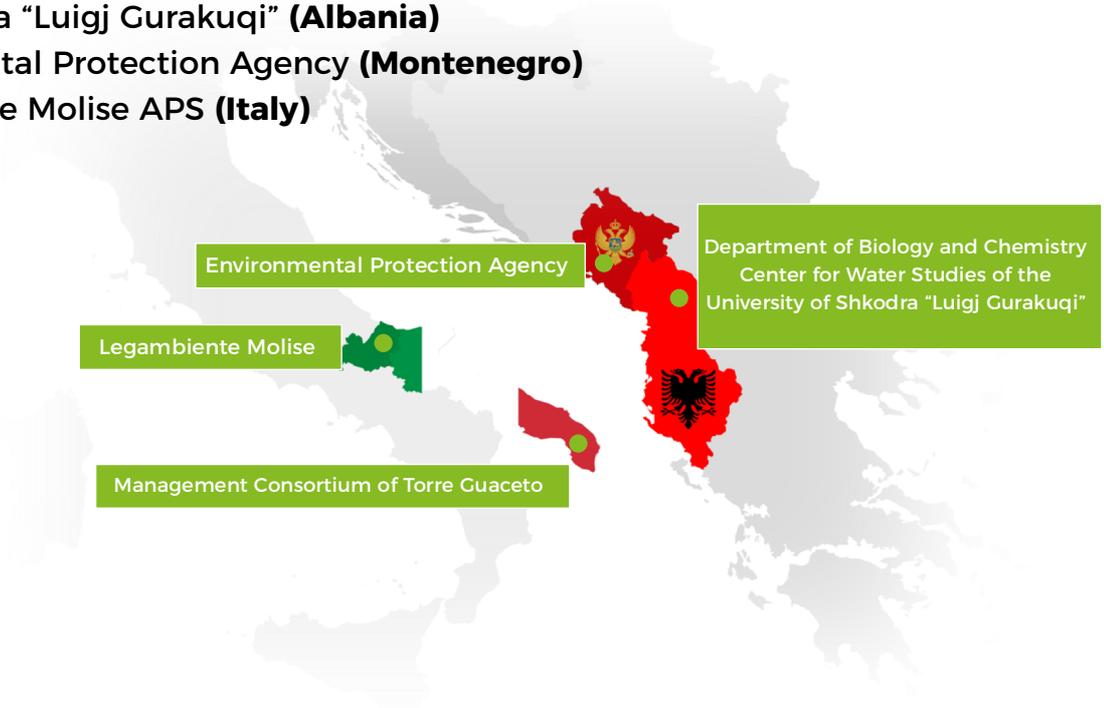

EU funding

685.272,66 €

Project Partners

- **Lead Partner** Management Consortium of Torre Guaceto **(Italy)**
- **Partner** Department of Biology and Chemistry Center for Water Studies of the University of Shkodra “Luigj Gurakuqi” **(Albania)**
- **Partner** Environmental Protection Agency **(Montenegro)**
- **Partner** Legambiente Molise APS **(Italy)**

Project main activities - Expected output/results

SPEEDY Project strengthens the protection of highly mobile marine species in the South Adriatic through joint mapping and monitoring activities, the upgrading of recovery centers, and the development of a shared cross-border recovery procedure. The project also delivers a joint conservation strategy and action plan, supported by training and awareness activities, ensuring harmonized rehabilitation practices and reduced anthropogenic pressures across Italy, Albania and Montenegro.
